

Angeline Day

Aboriginal Student Representative

Hello, my name is Angeline Day. I am status First Nations from the Oneida Nation of the Thames and Jamaican heritage. I have been attending Langara since 2015, studying health sciences. I plan on finishing my studies within the next couple years, so that I can continue supporting and working with Aboriginal peoples and organizations.

I am from the Oneida Nation, as Aboriginal Representative, I will ensure the Aboriginal student voice at Langara is heard. I will host monthly meetings where you will have a safe place to voice your thoughts, suggestions & concerns and I will always be available to talk to. It is important to support, encourage and inspire each other as students, so that we can study and learn in a comfortable environment. My experiences in volunteering in community have been with afterschool programs, attending cultural events, and mentoring children. I have work experience with Aboriginal programs and organizations in Vancouver. I applied for funding to facilitate a Traditional Indigenous Games workshop. In high school, I was chosen as Valedictorian for Vancouver's Aboriginal Graduation, where I was awarded the Urban Aboriginal Spirit Award. As Aboriginal Student Representative, I will advocate and voice for Aboriginal students at Langara, by using my skills and abilities to bring Langara's Aboriginal voice to the table at LSU meetings. I believe my experience, skills and ability will be a great asset to represent the Aboriginal student body at Langara to ensure that all our opinions, needs and suggestions are voiced to the LSU council.
