

Name: **Gurleen Sidhu**

Position: ***Vice President Finance and Administration***

Profile Statement:

Hi my name is Gurleen Sidhu and I am currently in the process of completing my BBA with a concentration in Accounting. I had started at Langara right after graduating from high school in India. I am an international student who understands budgeting and working hard. The LSU is one organization that I would like to be involved in, as I will have first hand experience in making decisions related to Finance.

Platform Statement:

While attending school, I took numerous accounting courses. There was something about accounting that I found fascinating. As the years progressed, I started completing treasurer duties at work and knew this was something I was interested in and would love to do during my spare time. In the past couple of semesters I started volunteering at the LSU and I as a person became more involved and attached to the organization. As time came closer to elections I saw that there was a position available as Treasure and I knew with my experience and background, I would have a positive impact on the organization while at the same time have the student's best interests at heart. Rest assured I would take it upon myself to overlook any financial matter that comes my way. I will aim for further transparency and ensure that the LSU provide openness and involvement to the student body.
