Name: Yadhunika Goyal

Position: Vice President Student Life

Profile Statement:

My name is Yadhunika Goyal and I am a proactive PDD Accounting student at Langara College. I work as Student Engagement Ambassador in the Student Engagement Office and as a Career Leader in the Co-Up & Career Center. I am an important part of International Education Volunteer Program and exclusive VOLT Volunteer where I help to organize different events for students. Engagement is my primary motto with all the jobs I have worked so far.

Platform Statement:

Being a student at Langara has made me realize how hard student life could be in several terms during studies. One of the pivotal topics to be pushed from my experience would be to engage more students in the activities held on and off campus. Moreover, student life does become stressful at some times, especially during exams, I will work with the Board to have more stress relieving and fun activities at such times to relieve stress. Improving Instructor-Student relationship's through means of more engagement would be the another lock to be opened. I would even try to get more course books on the reserve sections in the library so that any student does not feel the burden of buying so expensive books. Working as a Student Engagement Ambassador has provided me useful insights on the priceless importance of engagement. Clubs are another supportive tool on campus and I would try to get more support for clubs and have more funding. I would work hard with the designated authorities to provide and maintain non-negotiable high standards and service towards student life in Langara.
