

Name: **Sukhroop Kaur**

Position: ***President***

Profile Statement

My name is Sukhroop Kaur, currently enrolled in PDD Business Administration program at Langara College. I am currently a student leader at the Langara Students' Union in the role of general representative. I am a focused and hardworking individual. I enjoy volunteering both off-campus and on-campus, organizing events and exploring new ideas. I view challenges as opportunities and believe they help us in not only achieving our professional goals but also our personal goals.

Platform Statement

The LSU advocates for students' rights, provides health benefits, affordable public transportation, and organizes various events and activities for students on a democratic, co-operative basis in which students can communicate, exchange information and share experiences and ideas. My goal at the LSU is to bring about my leadership skills to establish and facilitate a stronger relationship between the student body government and the student body. To do so, I plan on working with them by increasing the accessibility of resources encompassing student development and continuing to cultivate a culture of involvement. I hope to engage with students from all levels and backgrounds to create a positive post-secondary experience. As your general representative this past year, I have worked collectively with the student body and the board to make decisions that bring change and transparency to the LSU. Currently I'm working on making the LSU more technologically advanced and providing additional services to the membership.

Please vote for me, Sukhroop Kaur, as your President. Thank you!
