

Brian Qin - Platform and Profile Page

Name: Brian Qin

Position: Vice President Student Life

Profile Statement:

Hey there!

My name is Brian Qin and I'm currently enrolled in the Chemistry program here at Langara. I was born in British Columbia, but I've grown up studying and travelling in different countries.

My time abroad has helped me come to better understand and appreciate the various cultures customs of different countries much more than before.

I love meeting new people, from various cultures, and listening to their stories and experiences.

Platform Statement:

My platform revolves around the words "Integration" and "Unity". Integrating the various different groups of students here at Langara College will be a central focus of my platform.

Langara College is not only a large institution but also a very diverse institution, with close to half of its 15,000+ students being international. Due to this, diversity has become part of Langara's identity and is an important part of the school's culture.

For this reason, I believe that it is important to be able to effectively and efficiently integrate international students into the school. Having the international community be well integrated into Langara will help the school become a more inclusive institution that is both diverse and united.

I want to serve as your Vice President for Student Life because as a student here at Langara, I want to do everything I can to enhance and contribute to the enjoyability of your student experience. I thank you for taking the time to read this and I hope that you will support me in this election.
