

Name: Navjot Warring

Position: VP Finance

Profile Statement

Hello, my name is Navjot and I'm a 2nd year Business Management student and currently a general representative at the Langara Students' Union. As a socially inclined person, I like to meet new people, volunteer, and get involved within the community. I enjoy photography, cinematic views, and going to the gym in my spare time. I have met other students from all walks of life here at Langara and value the time and memories.

Platform Statement

I have had the chance to serve in the leadership role of general representative this year which has not only helped contribute to the growth and improvement of the organization but has also given me vast experience in the role of leader. My role and experience have helped me gain understanding and strategic direction of the organization which has inspired me to run for the position of VP Finance. I hope to bring in more services and student engagement related events to contribute to a more better college life experience for the student body here at Langara College. I will strive to work with diligence, integrity, and accountability in the role of VP Finance. I am confident that my previous leadership experience at the LSU will prove beneficial once again for this new role as I take on more duties and gain knowledge and expertise to bring to you all a better students' union with improved services and experience.

I count on you and your vote. Please vote Navjot for VP Finance! Thanks
